Access to MASS On-Line is password protected

The screenshot shows a Microsoft Internet Explorer browser window displaying the website for the Victorian Rogaining Association. The address bar shows the URL: `http://localhost/SOFTSYS_WORK/VRA/wwwroot/login.php`. The page title is "Victorian Rogaining Association".

The main content area features a green header with the text "Enter a Team or update Membership details". Below this header is a list of instructions:

- Only proceed if you intend to enter and pay for your team using Bpay (from a cheque or savings account only) , otherwise please send a paper entry to the Event Administrator.
- To enter an event you will need Membership numbers and Surnames of all people in your team. Your Membership number is found on your Newsletter mailing label.
- Passwords for current members have been distributed with the xxxx Newsletter or by mail.
- You must be a member of the association to enter an event (Click on 'Join the Association'). However, if payment is not received your membership record will be deleted.
- At present, you can only join the association online as an Individual member. To add a Household membership, or join an existing Household, please use a paper entry or contact the Membership secretary.

Below the instructions is a blue "Login" form with the following fields and options:

- Membership number:
- Password:
-
- [I forgot my password](#)
- [I forgot my Member number](#)
- [No longer a current member](#)
- [Join the Association](#)

At the bottom of the page, it says "Version 1.0 MASS On-Line". The browser status bar at the bottom indicates "Done" and "Local intranet".

Database Control

The screenshot shows a blue-themed interface for database control. At the top, a light blue header contains the text "Database Control". Below this, another light blue header contains "Database Status". The status is displayed as "ACTIVE" in a green box with a black border. Below the status is a yellow button labeled "Take Offline".

There are 3 settings:

1. Inactive - no one can access, except Admin Manager
2. Active - all can access
3. Off-Line - only Event and Admin managers can access

You may not utilise the database synchronisation tools while the database is active.

Conclusion

This overview demonstrates some of the features of **MASS On-line**.

This module is designed to be re-written to meet your organizational requirements.
